

With the continued spread of COVID-19, the safety and well-being of our communities is of the utmost concern. We have implemented steps in an effort to protect our Temspec team, our customers, and the people who work, live and learn in the facilities our equipment services.

As a valued customer and partner of Temspec, we want to share the steps we are taking to help keep you safe, while continuing to serve your business needs.

We have been implementing contingency plans with our suppliers and our manufacturing facility to mitigate risk to projects while maintaining the health and safety of our employees. We expect the situation to remain fluid, and will update you on changes through our sales and customer service teams.

### **Our Actions**

We continue to monitor the situation and take action as needed to keep our people, customers and partners safe and healthy.

- we have restricted all travel.
- we have restricted all visitors to our facility
- we have implemented additional safety measures at our manufacturing facility including enhanced cleaning procedures and communicate daily on hand washing, social distancing and other preventive measures.

### **We're Here to Help**

We are committed to supporting you during this unprecedented time, and we plan to lead you through the ever-changing circumstances as it relates to your building projects. Please contact our sales team with specific project requirements and questions.

**Thank you for your continued trust in Temspec**
